OUTLINES.

An earthquake shook Charleston and Summerville yesterday morning at 3:25 o'clock, but no damage was done.——Yesterday a severe snow storm swept over Maryland, Pennsylvania, New York, Ohio, and other Northern States, and Oklahoma reports a terrific fall of snow.——Miss Mary E. Tomlinson, a former reader in the Christian Science Church at Concord, and later a healer, committed suicide by jumping from a hotel window in Boston yesterday.——In an address before the American Society of International Law at Philadelphia yesterday Secretary of State Root declared that State rights were not involved in the San Francisco school incident, and that never was there at any time any danger of war with Japan over the question; the Society discussed the Drago doctrine, and referred to the executive committee a resolution of William Barnes, Sr., of Massachusetts, placing the Society on record as considering it a degredation of the functions and purposes of navies to pervert them to the duties of debt collectors.——The Interstate Commerce Commission on yesterday again heard the complaint of Southern manufacturers that the railroads discriminate against Southern cotton mills in giving New England manufacturers lower rates on cotton goods shipped to China and Japan, the railroads denied combining in an agreement on rates.——At the the meeting of the Daughters of the American Revolution in Washington yesterday the features were the announcement of the re-election of Mrs. Donald McLan, of New York, as president general, Mrs. Lindsey Patterson, of North Carolina, one of the vice presidents general, and a reception by President and Mrs. Roosevelt. ——Securities to the value of $300,000 stolen from the New Britain, Conn., savings bank by the absconding treasurer, Wm. F. Walker, have been traced to a New York bank, which took them in innocently, Charles Goyndorf, a wire tapper who is supposed to have gotten $100,000 in cash and securities from Walker by his deceptive market quotations, is under arrest in New York.——A man under the name of Wilson Coleres, committed suicide in a hotel at Hoboken, N. J., yesterday, and he proved to be millionaire Benedict Gimbel, of Philadelphia, who was arrested in New York on Thursday, charged with infamous conduct and bribery.—— New York markets: Money on call, firm, 2 1-4 to 3 per cent.; ruling rate, 2 1-2; closing bid, 2 1-4; offered at 2 1-2; spot cotton, 10 points higher; closing quiet at 11.20; flour, firm, but slow; wheat, firm; No. 2 red, 83 1-2 elevator; corn, firm; No. 2, 58 elevator; oats, steady; mixed, 47 1-2; turpentine, steady, 69 1-2 to 70; rosin, firm.

Temptation is still a thing to be resisted by the best of men.

In a lecture at Philadelphia a scientist declared that "the ancients did not kiss." More evidence that we've got the ancients skinned to death in knowing how to make the most of life.

It is stated that Harry Thaw had intended to travel if he had been acquitted. We have an idea that he would carry out his intentions to "travel" if he could get out of jail some dark night.

A bill has been introduced in the Wisconsin Legislature to compel women of means to support their invalid husbands. All Legislatures should pass bills to compel mean husbands to support their valid wives.

"The people should nominate and elect the President of the United States," says a contemporary. The people do elect them, but as to nominating them, the politicians may not be willing to make the concession.

Suppose Roosevelt did send for Harriman to look over his message before he sent it into Congress. President Roosevelt is sharp enough to tell it around that he just wanted Harriman to see before hand how he was going to break it off in him.

That the Presbyterians would purchase Peace Institute at Raleigh, the Star had no doubt, and now as that splendid old institution has become their property, it is idle to even express confidence that the new Peace Institute will be grander in proportions if not in the unexcelled reputation the college has borne throughout the South. Our Presbyterian friends know how to do things.

The report from Washington that the field is fighting Taft because Rooseevlt is for him, and that "the reactionaries" are at the bottom of it to defeat the President's policies, looks like politics as it is worked by those White House people who are "no novices." The political programme at the White House is for the 1908 Republican National convention to meet and ratify the nomination to be made by President Roosevelt. We have an idea that the programme will be carried out without the cutting of a single specialty.

NEWS FROM RALEIGH

Presbyterians Arranging For Purchase of Peace Institute and Its Operation.

VERY GRATIFYING RESPONSES

Asheville Institution for Cure of the Liquor Habit—Legislature's Sixteen-Hour Freight Law May Necessitate Change of Headquarters

(Special Star Correspondence.)

Raleigh, N. C., April 19.—State Insurance Commissioner James R. Young, who has taken an active part in the movement on the part of the Presbyterians of this city to purchase Peace Institute here, in order for its continuance as a Presbyterian college for young women, is just back from Greensboro, where nearly $5,000 was subscribed toward the $50,000 fund that is necessary to assure the purchase. He says that all the money needed is now in sight and the papers for the transfer of the property are being prepared so that the deal will be closed within the next few days. Dr. James Dinwiddie, who has conducted the school successfully for so many years will retire from active life on account of advanced years and failing health. There has been no intimation as yet as to who will succeed him as president of the college under the new management.

The Telfair Institute (Incorporated) was chartered today for Asheville, the purpose of the corporation being to administer the "liquor cure" to those addicted to excessive strong drink. The capital is $50,000, and the incorporators are W. Ashworth, Asheville; J. A. Lowery, Kernersville, and J. M. Millican, of Greensboro.

The impression is gaining ground here that in the near future the Seaboard Air Line will make Norlina a division headquarters for the operation of trains especially to facilitate the handling of freight, since the observance of the sixteen-hour day law passed by the last North Carolina Legislature has already seriously hampered the business with the present division headquarters at Raleigh and Hamlet. Headquarters at Norlina are made all the more important because it is the junction for the Richmond and Norfolk service.

FUNERAL OF MRS. McRAE.

Remains Taken Yesterday to Centre Church for Interment.

In the presence of a large assemblage of friends impressive funeral services were conducted at 1:30 o'clock yesterday afternoon from the residence of her step-daughter, Mrs. Emily MacRae Payne, on South Fourth street, over the remains of the late Mrs. Elizabeth Anne MacRae, who passed away in this city Thursday afternoon. Dr. Wells, of the First Presbyterian Church, conducted the services and a number of beautiful floral tributes were laid upon the casket by friends. After the services the remains were taken on the afternoon Seaboard Air Line train to Centre Church, near Maxton, N. C., for interment. The pall-bearers from the residence to the station were Messrs. Marsden Bellamy, R. A. Brand, W. L. Parsley, Jas. H. Chadbourn, Capt. R. W. Price and Dr. E. J. Wood. A number of relatives from Wilmington and elsewhere were here to accompany the remains

THE NEW SHAD LAW.

Goes Into Effect Today on Upper and Lower Cape Fear River.

Mr. W. H. Yopp yesterday called the attention of a representative of the Star to the fact that the new shad law as passed by the last Legislature goes into effect today. The measure forbids the catching of shad in drift nets after today both on the upper and lower Cape Fear and in their tributaries. Heretofore fishermen below Brunswick River have been required to stop fishing on and after April 15th while in all the upper waters of the Cape Fear they might continue to fish until the 15th of May. The Legislature also wiped out what was known as the "Wednesday Law," that is, prohibiting nets to be operated from 6 o'clock Tuesday evening until 6 o'clock Wednesday evening. All fishermen now both up and down the river and in their tributaries are required to stop on April 20th. A penalty of $50 fine or 30 days in jail is imposed upon each and every violation. Any magistrate is a court of competent jurisdiction to try such cases.

CARGO VENEERING WOOD

Swedish Steamer Groveland Cleared Yesterday for Port Glasgow, Scotland—Many Improvements at Yards of A. T. C. Company.

The Swedish steamer Groveland was cleared yesterday by Messrs. Heide & Company with cargo of veneering timber and rosin consigned by Capt. Will L. Miller to the Acme Tea Chest Company, of Port Glasgow, Scotland. The cargo consists of 5,386 gum logs, equivalent to something over 600,000 feet, and 2,400 barrels of rosin, the total cargo being valued at $35,000. The exportation of veneering timber from Wilmington has grown to be quite an important industry and immense tracts of swamp timber up the river are being made profitable to the owners by the presence of the Wilmington agency of the Acme Tea Chest Company. The cargoes are going steadily forward as fast as the timber can be gotten to the yards here.

The plant of the company in this city has recently been greatly enlarged and improved by Capt. Miller at a cost of something like $10,000. A new steam drag saw has been installed, making two now in operation on the yards, another large thirty horse-power derrick has been put in for the handling of the heavy sticks of timber from the river front and a large eight-inch Coe veneering machine has been installed. The latter machine is for reducing the logs to a perfect cylindrical shape, thereby saving a large amount on each cargo, as ships can be loaded 25 per cent. greater capacity where the logs are thus made symmetrical. Formerly the timber was put into the hold of the ships in the rough form and run through the veneering machines after they reached Glasgow. Now the finished raw product is shipped and the cargoes are much larger with the same displacement in the ships. All the machinery on the yards is now propelled by a 75 horse-power engine with boiler capacity of 100 horse-power. The yards are located on the west side of the river betwen Princess and Chestnut streets if extended across the river.

BUILD CANNING FACTORY

New Enterprise For Artesia Colony in Columbus County By Northern Capital—Settlement is Prosperous and Happy.

(Special Star Correspondence.)

Artesia, N. C., April 19.—Matters are moving along quite prosperously at the new colony of the Carolina Trucking Development Company at Artesia, Columbus county. Last Sunday the first wedding took place in that community, the contracting parties being Miss Gussie, eldest daughter of Mr. N. A. Franks, farmer and storekeeper, who became the bride of Mr. Andrew Hayes. This very happy incident elicited much interest all through the district, consequently there was a large attendance of friends, neighbors and acquaintances.

Good progress is being made by the colonists in clearing and planting their land. Some excellent crops of vegetables are now growing. A union or Church Community edifice and school house will be erected immediately to meet the religious and educational requirements of the community. Several young Englishmen have just settled down here from Virginia. A friend of Rev. W. S. Key came down from the North a few days ago on a visit to Artesia, and so interested did he become in all that he saw and heard that he promptly decided the place was a fine location for a factory in his own special line of business. Being the principal owner of one of the leading pickling, canning and preserving concerns in the country, he was quick to see the splendid possibilities the colony and surrounding district possess for doing a lucrative trade in growing and preparing for market both fruits and vegetables. The outcome of his visit is to be the erection of a factory wherein the preserving of strawberries, canning of tomatoes and pickling of cucumbers will be done on an extensive scale, while all the products of the soil will be prepared for market and table as side lines. In view of the establishment of this factory the colonists are rushing the preparation of their newly cleared land and planting quite an acreage of the specialties mentioned above, there now being assured a market right in their midst, thus avoiding the risks incidental to shipping their produce to distant parts of the country. Already a new marmalade which is being favorably reported upon from many parts of the country is being made here from a native product. Shipments have been made with most satisfactory results. This table delicacy is finding its way to the tables of the best people in the land, and is considered equal in the delicacy of its flavor to the best orange marmalade on the market. Next Fall, after the Summer crops have been harvested, this marmalade business is going to be quite an industry in Artesia.

DR. HENRY LOUIS SMITH.

President of Davidson College Addressed Brotherhood—Sunday.

Dr. Henry Louis Smith, the gifted president of Davidson College in this State, arrived in the city yesterday and is a guest at the home of Mr. R. W. Hicks, on South Third street. Dr. Smith came to Wilmington to address the Brotherhood of the First Presbyterian Church in Abbie Chadbourn Memorial Hall last night and he was heard with great interest by the young men of that congregation. A reception was given by the Brotherhood after the address in honor of Dr. Smith.

Tomorrow both the congregations of the First and of St. Andrew's Presbyterian churches will have the pleasure of hearing Dr. Smith. He will speak at the First Church in the morning and at St. Andrew's in the evening. The public is cordially invited to both services.

Meetings at Second Advent Church.

The series of meetings by Elder J. T. Johnson now in progress at the Second Advent Church, corner of Sixth and Church streets, is growing in interest and earnestness. The subject on last evening was "The Beautiful Garments of the Bride." A ladies' meeting is conducted daily at 3 P. M. The subject for tonight is "The Work of the Holy Ghost." Regular services every evening during the week at 8 o'clock, the meeting to continue for some days yet.

THE MAYFLOWER BOUGHT

New Steamer Purchased to Replace the Sanders on Wilmington and Little River, S. C., Freight and Passenger Line.

The steamer Mayflower, recently built at Point Caswell, N. C., as a freight boat between Wilmington and Town Creek, Brunswick county, was yesterday purchased by Messrs. Corbett, Stone, Divine and others interested in the Wilmington, Southport and Little River Transportation Company and the Ocean Fisheries Company to replace the steamer Sanders, which was lost on the Little River bar this week during heavy weather. The purchase was from Capt. Ellis Sherman and Mr. T. J. Gore, the consideration not being given. The Mayflower is being put in thorough order preparatory to going on the Wilmington and Little River line and she will probably make her maiden trip to the South Carolina port about the last of next week.

The Mayflower was built at Point Caswell in 1904 for the lumber carrying trade between Wilmington and Town Creek and she is an excellent freighter. She is 85 net and 92 tons gross, 88 feet long; 18.2 beam and 6.2 depth of hold. She is admirably suited to the freight carrying trade and will be used on the Little River line by the new owners until the work of installing the new boilers in the Compton is complete. All the machinery in the Mayflower is new and still another boiler will be added by the new purchasers. A force of workmen is now engaged putting the steamer in ship shape for the new line. The new boat is 88 feet long and not only has great freight capacity but also has nice accommodations for passengers.

Wilmington has an important trade with Little River by this line of steamers and the owners were not slow in acting so that the service would be interrupted for the least time possoible.

TRAP SHOOT YESTERDAY

Stokley Led Local Sportsmen Again Yesterday—Peters Cartridge Company Offers Silver Cup in Contest for the Season.

The regular weekly trap shoot of the Wilmington Gun Club yesterday afternoon was quite interesting and a large number of members were present either to participate in or witness the sport. R. G. Stokley again held high gun and broke 112 out of 125 targets. Both he and G. W. Penny had one straight run of twenty-five each. This, too, with a high wind which took the birds under. J. G. Littig, Jr., broke 102 out of 125 and Dr. Harllee Bellamy well sustained his reputation with 66 out of 75. Mr. Penny's total score was 65 out of 75. The scores in detail were as follows:

	Targets.	Broke.
J. N. Bennett	100	59
J. G. Littig	125	102
R. G. Stokley	125	112
Geo. H. Howell	25	7
J. C. Wessell	100	67
J. H. Dreher	150	118
G. W. Penny	75	65
J. W. H. Fuchs	75	48
A. G. Ahrens	75	40
R. H. Bellamy	75	66
S. W. Sanders	50	34
Gibbons	25	20

It was announced to the members of the Club present yesterday afternoon that the Peters Cartridge Company had offered a handsome silver cup to be shot for by members during the season. Each competitor is required to use 250 of the Peters cartridges during the season. The contest for the handsome cup, which will be suitably engraved, will be inaugurated on the first Friday afternoon in May. Further announcement will be made by Secretary Kelley later.

I. O. O. F. ORPHANAGE.

Trustees Met This Week at the Home in Goldsboro, N. C.

The Raleigh News and Observer of yesterday in noting the return of two of its members from the annual meeting of the Board of Trustees of the I. O. O. F. Home at Goldsboro, says:

"The former officers of the board were re-elected for the ensuing year, they being: Mr. C. F. Lumsden, of Raleigh, chairman, and Mr. C. G. Smith, of Goldsboro, secretary and treasurer.

"The annual election of officers of the institution resulted in the re-election of the present incumbnts as follows: Superintendent, Mr. J. F. Brinson; matron, Mrs. McArtan; assistant matron, Miss Nicholson.

"The annual reports of the officers of the board and the institution were received, audited and approved. There are now in the orphanage one hundre or more children and no sickness among them.

"Everything is in satisfactory condition and the outlook indicates continued prosperity. The report of the treasurer shows that during the year the expenses for maintenance and improvements amounted to $8,752.89, leaving a balance on hand of $6,989.76."

TO ADJOURN TO-DAY

Superior Court Eugaged All Day Yesterday Disposing of Motion Docket.

JUDGMENT FOR MISS SMITH

Judge Long Holds For Plaintiff in Verdict Rendered Last Week—Verdict Set Aside as to One Issue in Rowe Trial.

Superior Court was engaged all day yesterday in hearing matters on the motion docket and finally passing upon the verdict as rendered last week in the case of Miss Louisa B. Smith against Mrs. Susan E. Moore, executrix, and others, involving the title to the property at Northeast corner of Second and Red Cross streets. In the latter case Judge Long gave judgment for the plaintiff, Miss Smith, disregarding the jury's explanation of its verdict altogether. The defendants took an appeal to the Supreme Court, which Judge Long stated he would be very glad to have pass upon the question.

A large number of cases on the motion docket were continued during the day and many were disposed of by judgment. A few odds and ends will be taken up this morning upon the convening of the session, but Judge Long will leave this afternoon for Jacksonville, N. C., where he holds Onslow Court the coming week. The Smith case was easily the most interesting of the proceedings yesterday, the attorneys on both sides making strong argument for their respective clients in regard to the qualified verdict of the jury. The defendants' counsel made a motion for a judgment that the defendants are the owners in fee of the lands and premises described in the complaint, subject to an estate therein for life of Miss Louisa B. Smith. This judgment was tendered to Judge Long for signature, setting out the answer of the jury and the explanation appended, but the court refused to sign the same and the defendant's attorneys excepted. Thereupon the counsel for the defendants made a motion for the court to set aside the verdict as being inconsistent and contradictory. This motion was also denied and the defendants again excepted.

Then on motion of Hon. John D. Bellamy and ex-Judge E. K. Bryan, counsel for the plaintiff, a judgment was entered to the effect that the deed of March 3d, 1885, executed by Mrs. Mary E. Smith and Miss Louisa B. Smith to Roger Moore, be declared to be fraudulent and void and invalid, and the same set aside and ordered to be delivered up and cancelled. It was further ordered and adjudged that the defendants be taxed with the costs of the action. The defendants then excepted and appealed to the Supreme Court, as to all the rulings of the court in the case. Notice of appeal was waived and bond fixed at $50. Ninety days was allowed defendant to serve case on appeal, and sixty thereafter was allowed plaintiffs to except and file counter-case on appeal.

In the case of F. H. Bailliere against Atlantic Cooperage and Veneer Works, defendants made a motion that the court pass upon a demurrer. After lengthy debate on both sides the court asked for the record of the procedings when commissioner made sale of property and which was made a part of the complaint in order to bring out all the facts. The Clerk reported that he was unable to furnish the record and the court declined to settle the matter unil all the records are produced. The case was continued for the records to be found.

In the case of Folgeman Brothers & Hirsch against Dave Taylor, the defendant tendered an answer at the term which was disallowed and judgment was given by default.

The following entries in other cases were made by the court:

Pittsburg Lumber Company against Z. P. Rowe, the court finds that the verdict of the jury as to the second issue is against the weight of evidence, the defendant himself having practically admitted on the stand the contentions of the plaintiff in regard to this issue; it also appearing that the verdict of the jury on this issue is contrary to the insructions of the court. The finding of the jury as to the second issue is set aside and the court orders a new trial as to the second issue. The defendant excepts to the ruling of the court and appeals to the Supreme Court. Twenty days allowed each side to make up case on appeal. It is also ordered that the plaintiff be allowed to make two new parties defendants.

The following was the disposition made of the motion docket:

S. McD. Tate, Treasurer, vs. Junius Davis, Receiver, continued.
W. H. Strauss, et al, vs. Inter-State B. & L. Association, continued.
R. R. Bellamy vs. Isham Quick, judgment.
John S. Watters vs. American Export and Manufacturing Company, continued, referee to file report.
Atlantic National Bank vs. Clark J. Brown, settled; off.
Iredell Meares vs. Daniel Howard, ex., continued.
Warren Johnson vs. Johnson Dry Goods Company, continued.
J. C. Stevenson Company vs. W. E. Stone, et al, settled; off.
Agnes B. Biddle vs. Mary A. Mar-

COTTON HOLDING WAREHOUSES.

President C. C. Moore, of the North Carolina division of the Southern Cotton Association, was one of the speakers at the banquet of the Wilmington Merchants' Association on Wednesday night. In his speech he elaborated the plans of the Association to secure fair prices for the cotton production of the South, and in that connection he explained the plan to establish a chain of holding cotton warehouses throughout the cotton belt. It is proposed to establish these warehouses at all interior points where cotton is marketed to any extent, so that when the price of the staple reaches a point lower than it will warrant the sale of the staple, cotton can be stored and held for a higher price. While it is important to have these holding warehouses in the interior the Cotton Association urges as equally important also the establishment of storage holding warehouses at the ports, where cotton can be stored and withheld from sale or export. It is proposed to establish such a warehouse in Wilmington, and no doubt the business men of the city will make a thorough investigation of the plan and take such action as their business sagacity dictates.

The Star has frequently commended the plans of the Southern Cotton Association, fully cognizant of the fact that nothing can be accomplished without a coherent and systematic organization. Its plans constitute a system and we confidently believe that to the Association more than to any other factor is due the fact that prices at least satisfactory are being secured for the South's cotton. The organization is in the hands of men who thoroughly understand the cotton situation and have made a study of the cotton business and we defer largely to their judgment for the feasibility of their plans. We are satisfied that they have already resulted in saving millions of dollars to the South, and the cotton growers, the merchants and bankers have, doubtless, been convinced long since of the fact. President Moore stated while in Wilmington that the business men of this city have a clear conception of the Association's purpose and appreciate its practical working and great value to their interests, and he observed as evidence of the fact that while he called on a number of Wilmington's leading business men without suggesting financial aid for the work of the Association in this State, they handed him checks to help out the cause so vital to the prosperity of the cotton growing country.

The plan for the holding warehouse system is taking in North Carolina, and already their are eight at large cotton centres in the State, with others in cotemplation and more than likely to be established. The fact is, we are informed that the movement is really creating enthusiasm in North Carolina as it is in several cotton States. Among the considerable North Carolina points to go into the holding warehouse business is Goldsboro, and referring to Goldsboro's enterprise and undertaking, the Raleigh Evening Times covers the ground so well that we copy most of an editorial in that paper on Thursday. Says the Times:

"The farmers and business men of Wayne county are to be congratulated warmly upon having got under way a movement for a bonded cotton warehouse holding company. It is reported that when the subscription books for this enterprise were opened, one of the leading merchants of Goldsboro took one hundred shares, three farmers one share each, six farmers fifty shares each, and that many others subscribed for stock in amounts greater or less.

"This movement in Wayne was under taken at the instance of President C. C. Moore of the North Carolina division of the Southern Cotton Association, and means much to the cotton growers of that county. Would that a like amount of money were subscribed in every cotton growing county of North Carolina for the same purpose! Once let that consummation be reached and the price of cotton, so far as this State is concerned, would never again fall below a profit bearing one to the grower.

"We asked editorially not very long ago what had become of this cotton warehouse movement broached some time ago in this State. Here is an answer to our question in this good news from Wayne county. Now let the other counties answer us in the same tone of voice, and we will promise to say no more about it, for there would be no need to talk further.

"In the meanwhile the importance to the cotton growers of this warehouse plan cannot be emphasized too greatly or too often. The warehouse is an absolute necessity if the farmer is to be expected to hold his cotton until the price he wants is prevailing on his local market. It is too much, and it is not practical, to assume that the growers are sufficiently independent to be able to keep his money represented in his bales of cotton locked up for an indefinite period of time. The majority of men in no other line of business that we know of could afford to do anything like that.

"Therefore, there must be some way for mutual help, community of interest, as it were. The warehouse plan is simply a method by which the grower can borrow cash on his cotton before he sells it, so that he can buy what he needs for the existence of his home without lowering the price of his produce. So the farmers and the merchants get together and chip in to build a warehouse. The grower puts his cotton in there as soon as it is baled. He gets a receipt stating how many bales he puts in, when he puts it in and any other necessary facts about it, and is credited with the amount of money his cotton represents at prevailing prices, with, perhaps, a little deduction for insurance.

"He takes the warehouse receipt to a banker or merchant, who accepts it as he would a check on a bank and gives the former the money it calls for. That is the whole thing in a nutshell. It is perfectly simple, but it takes a little money to start it. However, it does not require a large outlay on the part of any one man or a few men. If only a lot will contribute a little bit each, the thing is done."

SEE RICHMOND.

The Richmond News-Leader says in an editorial:

"'When you visit Jamestown include Richmond, Va., in your trip.'

"George W. Bahlke, superintendent here for the Metropolitan Life Insurance Company, has had made a rubber stamp containing the above words. It is used on all mail going out of Richmond.

"The idea is an excellent one, cheap, handy and effective. We suggest that the business men of the city generally adopt it. If some enterprising rubber stamp manufacturer will take up the matter and prepare a number of stamps of attractive designs bearing these words or others to the same effect, we have no doubt he can sell scores of them and aid materially in advertising the city and helping her to reap a full share of the advantages of the exposition.

"Other Richmond houses have adopted various schemes for calling the attention of their correspondents to the attractions of the exposition and Richmond, but this is so easy that the most modest concerns as well as the most extensive can adopt it."

The idea is indeed a good suggestion and moreover it is one of trifling cost compared with the results it will no doubt secure for Richmond. It will not only benefit Richmond, but it will prove a timely reminder to thousands not to forget, while they are so near, to pay a visit to probably the most historic city in the United States. As the capital of the Confederacy and the centre around which America's great Civil war was waged, the Virginia city is well worth a visit from people who have never been there. Around Richmond and within easy reach of it are some of the world's most famous battle grounds and that alone is enough to attract visitors who wish to view historic fields. Richmond will no doubt secure many a visitor and its citizens should have as a part of their plans some well matured arrangement by which the historic points can be reached with the least trouble and lowest expense. An information bureau, a few guides, some printed matter, and information about transportation of various kinds will greatly aid visitors to the historic city on the James.

CURRENT COMMENT.

—That everybody but an editor knows how to run a newspaper is freely admitted, but that everybody understands better than a lawyer how to conduct a murder trial is a new proposition, and only partially established.—Philadelphia Ledger.

—While white-winged peace was brooding over Carnegie Hall an Italian was shooting two policemen, razors were flying in the subway air, and in Georgia Thomas Watson former Populist candidate for President, was smashing his valise over the head of a Pullman porter. To secure universal disarmament will be a herculean task.—New York Herald.

—This is a great country and full of fools. About the worst live in Dunkirk, Ohio, and they burned the jurors in the Thaw case and Jerome in effigy. They say they have no patience with people who would try to convict a man for "defending his wife's honor." They evidently think Evelyn "an angel child."—Raleigh News and Observer.

—A standing army of 12,000 men, to be composed of natives of the island, is proposed for Cuba by the general staff. It is to take the place of the Rural Guard, and will be distinct from the local police forces employed by municipalities. Until more light is vouchsafed, this plan of a standing army of 12,000 men for little Cuba with its population of 2,000,000 will be a reminder that the United States, with its 70,000,000 people got along with a regular army of 25,000 before the Spanish war.—New oYrk Sun.

—But the idea of being ruled is repugnant to the American people. Neither the greatness of any man who may occupy the White House nor the greatness of the office affects that feeling in the slightest degree. A matter of a century and a quarter ago this country fought because it objected to being "ruled," and the popular view in the premises has not changed since then. There is no "ruler" in the United States, for the very simple reason that, leaving the Constitution and the statutes out of the question the people would not tolerate one.—Washington Herald.

—It is a strange development of science that the earthquake in Mexico was signaled through the earth itself to Albany, N. Y., and Washington, recorded on the instruments in those cities and publicly announced before the telegraph could bring the news or the scene of the disturbance could be located. The noon edition of The News Leader announced that there had been a serious and probably disastrous earthquake somewhere in the world. It was not until three hours later that the whereabouts of the event was discovered.—Richmond News Leader.

—Every time we hear some Southern man spouting about how the South loves Theodore Roosevelt, we feel a large desire to hit him in the mouth with a brick bat. Every time it is rung in that the South looks on him as homefolks because his mother was from Georgia. Joe Cannon himself was born in North Carolina, but what does that spell? As a matter of fact, the President is neither loved, admired nor believed by Southern people, although there are plenty of people to slobber over him should he come South.—Lexington (N. C.) Dispatch.

TWINKLINGS.

—Judge—You said the defendant turned and whistled to the dog. What followe? Intelligent Witness—The dog.—Philadelphia Inquirer.

—The Bore—Do you know, Schubert's music always carries me away? The Belle—Really? I wish they'd play some of it now!—Illustrated Bits.

—"You say she's a celebrity?" "Best 'ever. She's had appendicitis, brainstorm and been in eighteen modern railroad wrecks."—Milwaukee Sentinel.

—"Whatever happens," said the patriotic citizen, "there is no doubt that the country is safe." "Yes," said the cynical grumbler; "the country is safe enough. But with these railway trains and automobiles, how about the inhabitants?"—Washington Star.

—Rambling Waggles—I was robbed last night, and I reckon about fifty-three articles were stolen from me. Everything I had in the world. Policeman—Fifty-three articles? Rambling Waggles—Yes; a pack of cards and a corkscrew.—Tit-Bits.

—"I want to talk to you Mary, about that young man of yours," said her father; "when did he say 'good night' to you last evening?" "At 10 o'clock," replied the fair girl. "What? Why it was 1 o'clock at least.' "Oh, that was when he finished saying it."—Philadelphia Public Ledger.

—Weary Willie—There was a time, friends, when I had more'n a thousand men working fo me. Tired Tim—Yon don't look like a man that ever had control of a thousand laborers. Weary Willie—I didn't say they were laborers. They were taxpayers. I was in the workhouse.—Tit Bits.

—"Grandpa," said Tommy, "how big a fish did you ever catch?" Grandfather Tucker's eye lighted up. "I never was much at fishing, my boy," he answered. "If you should ask me how far I could hop, step and jump, though, when I was a young man, you'd find that I could make any fishing liar look sick."—Chicago Tribune.

Working Women

and girls who are worn out with the toil of daily work, find in Wine of Cardui a remedy that will assuage their pains, build up their nerves, restore their appetites and strengthen their weary bodies. No women suffer so generally from the diseases peculiar to their sex, as those who weaken their system with over-work, be it at office, store, or home.

To such over-worked women

WINE OF CARDUI Woman's Relief

comes as a boon and a blessing, as is proved by its wonderful success, for the past 50 years, in the treatment of female diseases. "I cannot recommend Cardui too highly," writes Mrs. Nellie French, of Batavia, O. "I had been bothered with pains in my back, and would nearly die with the headache every month. I took 3 bottles of Cardui and it eased away all pain. I have recommended Cardui to many of my friends." It is safe, non-intoxicating and absolutely reliable. Good for young and old. Try it.

CAPITOL GRAFT IN PENNSYLVANIA

Astounding Testimony of State Treasurer Before Capitol Investigating Committee—Extravagance Exposed and Robbery Revealed.

(By Wire to the Morning Star.)

Harrisburg, Pa., April 19.—Astounding testimony was given by Frank G. Harris, of Clearfield, a former State Treasurer, before the Capitol Investigating Commission yesterday. He was a member of the board of Public Grounds and Buildings of which the Governor and Auditor General are also members. During the time he was on the board from May, 1902, to May, 1904, contracts for capitol furnishings amounted to millions of dollars.

Attorney Scralet brought out the fact that the contract for the metallic furniture was awarded three months before the contract for the construction of the building was awarded.

During the examination of Harris it developed that Architect J. M. Huston collected four per cent. commission on $2,000,000 for designing the metallic furniture which had been designed long before by the architect of the construction company. Harris admitted that "the board spent money blindly in furnishing the capitol" and that when the contract for the metallic furniture was made there was no definite idea of the cost. He thought it would cost between $100,000 and $200,000 and had not the slightest idea that it would amount to $2,000,000.

Harris declared it was the duty of Huston, who was the board's architect, to keep watch over the contractors and see that all contracts were faithfully fulfilled. "If the architect had been faithful in his duty," he went on, "and had the contracts been lived up to, and he could have forced them to, I believe there would have been no trouble and that there would have been no scandal."

MR. TAFT IN PORTO RICO.

Secretary of War Sees New Governor Inaugurated.

San Juan, P. R., April 18.—R. H. Post was inaugurated Governor of Porto Rico today in succession to Beekman Winthrop, who retired to become Assistant Secretary of the Treasury at Washington.

Secretary Taft was among those present, occupying a box with Mrs. Winthrop, wife of the retiring Governor, and Mrs. Post. The members of the Supreme Court, the Executive Council and the House of Delegates attended in a body. The foreign consuls also were present, as was a large number of representative business and professional men from all parts of the island.

Secretary Taft and his party sailed for home on the dispatch boat Mayflower today accompanied by Beekman Winthrop, the retiring Governor of Porto Rico, and Mrs. Winthrop, Mrs. Taft and Miss Marjorie Ide. An immense crowd bade the Secretary farewell.

REVOLUTION WAS FATAL.

British Ambassador Tells Us Where We Made Great Mistake.

Philadelphia, April 18. — James Bryce, the newly appointed Ambassador from Great Britain, in an address at the banquet of the Trans-Aatlantic Society of America, tonight, declared that if America had remained as a colonial ward of England, President Roosevelt would not have been confronted with such world important problems as he is now called upon to solve. Had the countries not been separated, Ambassador Bryce said, the development of the United States would have been more gradual. He was of the opinion that slavery would not have endured so long and would have gone, perhaps, without bloodshed; there would have been fewer railroads, less internal strife and consequently fewer big economic problems to solve. President Roosevelt would have had no occasion to wield the big stick.

NEGRO MARRIES WHITE GIRL.

Case in New York State Causes Indictment.

Rochester, N. Y., April 18.—Rev. W. F. Coffey, pastor of an African Church at Oleam, was arrested last night on the charge of unlawfully marrying Arthur Jones, colored, and Dora Hitchcock, white. Coffey was held for the grand jury in the sum of $500. Fred Hitchcock, the father of the girl, and Arthur Jones, to whom she was married, were arrested and arraigned. They pleaded not guilty to disorderly acts. A jury trial will be given them tomorrow.

In New York yesterday Abraham Benedict, of the law firm of Guggenheim, Untermyer and Marshall, counsel to the international policyholders' committee, called on Acting District Attorney Smyth at the distric attorney's office and laid before Mr. Smyth certain evidence by which it is alleged forgery had been committed in the elections held recently by the Mutual Life Insurance Company and the New York Life Insurance Company. The district attorney's office, it was stated, would investigate the matter.

MEMORIAL DAY IN MAY.

Daughters of Confederacy Arranged Details at Meeting Yesterday.

Cape Fear Chapter, United Daughters of the Confederacy, at its regular meeting yesterday afternoon discussed with enthusiasm all the arrangements for the memorial exercises at beautiful Oakdale cemetery on the tenth of May. There will be the usual parade of veterans and military from the lodge in the cemetery to the base of the Confederate monument, where the usual exercises will take place and on the grave of each veteran at rest in the cemeteries of Wilmington will be placed a laurel wreath by the Daughters. The programme will be announced in a short time and the exercises will be of the usual pretty and appropriate nature.

It was announced at the meeting that Rev. J. A. Smith, of Wilmington, a gallant survivor of the terrible bombardment of Fort Fisher, will be the memorial day orator this year, and that Rev. T. P. Noe, rector of the Chapel of the Good Shepherd, will be chaplain. As announced yesterday, Mr. Junius Davis will be chief marshal of the exercises.

NAVIGATION AND PILOTAGE.

New Law Goes Into Effect on First of May—Meeting of Board.

This week's Southport Standard has the following of interest here, in regard to the newly appointed Board of Commissioners of Navigation and Pilotage:

"Messrs. M. C. Guthrie and Richard Dosher, members of the Board of Navigation and Pilotage, went up to Wilmington on Monday to attend the first meeting of the Board which went into effect that day. The meeting was an entirely business one and applications from pilots to have their branches renewed were received and acted upon. A harbor master for the port of Wilmington will not be appointed until later. Compulsory pilotage goes into effect on May 1st."

Howland Case Continued.

The case of Fred Howland, charged with the shooting of Mr. N. E. Farrow Tuesday night, was again continued at the session of police court yesterday. Mr. Farrow has not yet sufficiently recovered to attend trial. The case will probably be tried today. Howland has not been able to give bond, and is still locked up.

Doing Business Again.

"When my friends thought I was about to take leave of this world, on account of indigestion, nervousness and general debility," writes A. A. Chisholm, Treadwell, N. Y., "and when it looked as if there was no hope left, I was persuaded to try Electric Bitters, and I rejoice to say that they are curing me. I am now doing business again as of old, and am still gaining daily." Best tonic medicine on earth. Guaranteed by R. R. Bellamy, druggist. 50c.

LOCAL DOTS.

—The regular week-end dances at Lumina will not begin tonight as was previously announced, it having been decided to postpone the opening until later. The usual Sunday afternoon concert, however, will be given tomorrow afternoon as usual.

—The commencement exercises at Funston Institute, Brunswick county, will take place on May 2nd. Rev. R. W. Hogue, of Wilmington, will deliver the annual literary address and Rev. A. G. Martin will preach the sermon. The exercises proper will be at night.

—The services at the Christian Church Tabernacle on Fourth street, between Princess and Chestnut, will be held as usual tomorrow at 11 A. M. and 7:45 P. M. The services will be by the pastor, Rev. F. L. Davis. Prayer meeting Wednesday night at 8 o'clock. The public generally is cordially invited to attend.

—Fayetteville Observer: "One of the negro convicts who are at work laying 85-pound rails in place of the present 70-pound ones, on the A. C. L. main line, was shot and killed by a guard at Luray, four miles north of Fayetteville, day before yesterday, while attempting to escape. Only a short while ago two convicts escaped from the camp which is located at Beard's in this county."

—This week's Southport Herald says: "The tug Waban came in for harbor last Sunday night having in tow the houseboat "Everglades" owned by Commodore Thompson, the great copper king. The houseboat is from Miami, Fla., and is bound to the Jamestown Exposition, where she will be Admiral Dewey's flagship. The "Everglades" is palatially fitted up and is very large with a great amount of horse power developed by twin gasoline engines."

—Yesterday afternoon's Fayetteville Observer: "Chief of the United States Postoffice Inspectors S. T. Hooton, of Baltimore, Inspector W. J. Maxwell, of Wilmington, Del., and District Inspector S. H. Buck, of Goldsboro, the three officials who solved the mystery of the big Wilmington mail robbery, are in the city today. Whether their visit has anything to do with the recent robbery of a package containing $3,000 from the Fayetteville postoffice or not, is not known."

NO DEVELOPMENTS YESTERDAY.

Postoffice Robbery Continued to Be All the Talk—Inspectors.

There were no developments in the postoffice robbery case yesterday, though th affair continued to be the talk of the town. Great sympathy is expressed for the young wife of Mr. Nelson and his mother. Young Mr. Nelson had several callers yesterday, and to them he expressed the greatest penitence for yielding to a temptation so great. His plans for the future, it was told to the friends who called, are not yet made. In view of the restoration of all the money taken from the pouch, it is said that the young defendant is confidently expecting to receive a lenient sentence from the court. He has not yet decided what he will do in regard to opening business in the store recently leased in the Garrell building A very handsome soda fountain and other fixtures purchased for the place have already arrived

Col. Hooton, Mr. Maxwell, Mr. Buck and other inspectors here on the case went to Fayetteville yesterday as will be seen from a clipping from the Observer elsewhere in today's paper. It is stated that they have gone there to inquire more fully into a registered bank package containing something like $4,000 that was stolen there several months ago.

Laying Heavier Rail.

A force of trackmen is now engaged in taking up the old 45-pound rail on the Consolidated line over the long trestle at Wrightsville and over to the beach and substituting therefor the heavier 60-pound rail bought some time ago. The old rail has been in use since the line was owned by the old Seacast Railroad Company and was not relaid when the other part of the line was thus improved. This will add to the safety and comfort of travel to the beach this season and is in line with the progressive policy of the Consolidated people in making improvements as fast as circumstances will allow.

Had Tempestuous Passage.

After a tempestuous voyage, being four times blown across the gulf stream, the British schooner Reliance, 191 tons, Capt, Coumans, arrived in port yesterday and will receive cargo of lumber from S. and W. H. Northrop for San Domingo. The Reliance sailed from Philadelphia March 31st, three weeks ago, and only arrived yesterday. She was last reported from Delaware Breakwater, whence she sailed on April 3rd.

Deserted From Cutter.

Henry Padrick, white, rated as a second class boy on the United States Revenue Cutter Seminole, took French leave of the ship Wednesday and the police have been askd to look out for him. A reward of $15 is offered for the capture of the boy. He is a son of a well known citizen at Castle Haynes and is believed to have gone from here to the vicinity of his old home.

Robbers early yesterday dynamited the safe of the Farmers' and Merchants' Bank at Bixby, Indian Territory, secured several thousand dollars in currency and escaped, leaving no clue.

"Pneumonia's Deadly Work

had so seriously affected my right lung," writes Mrs. Fannie Connor, of Rural Route 1, Georgetown, Tenn., "that I coughed continuously night and day and the neighbors' prediction—consumption—seemed inevitable, until my husband brought home a bottle of Dr. King's New Discovery which in my case proved to be the only REAL cough cure and restorer of weak, sore lungs." When all other remedies utterly fail, you may still win in the battle against lung and throat troubles with New Discovery, the REAL cure. Guaranteed by R. R. Bellamy, druggist. 50c. and $1.00 Trial bottle free.

REAL ESTATE TRANSFERS.

Deeds Filed for Record at Court House Yesterday.

The following deeds were filed for record yesterday:

John C. McRae and wife to John D. James, for $395, property on west side of Ninth street, 131 feet south of Wooster, 51x68 1-2 feet in size.

Chas. H. Daniel and wife to Geo. S. Boylan and W. B. Munroe, for $10 and other valuable considerations, property on east side of Sixth, 128 feet north of Ann street, 36 1-2x132 feet in size.

J. W. Freeman and wife to S. W. Aman and wife, for $10 and other considerations, property at northwest corner of Seventh and Howard streets, 66x150 feet in size.

Opposing the Recorder's Court.

An anonymous circular, carefully prepared and presenting strong argument against the proposition to establish a Recorder's Court in Wilmington, made its appearance on the streets yesterday. It is understood that these are being mailed pretty generally to the voters of the city, especially in the First and Fifth wards. The authorship of the circular is not known, but the general opinion seems to be that they are the result of a meeting of business men held in opposition to the measure some time ago. The mailing of the circular is the first aggressive move in the Recorder's Court campaign, and it is expected from now on both sides will "get busy" with their appeals to the voters.

WALL PAPER DEPARTMENT

It Costs infinitely less to have your walls and ceiling covered with handsome, artistic and harmonious paper than it does to have them painted, frescoed, tinted or treated in any other way. The kind of Wall Paper that we here allude to are to be had of us for less money than elsewhere.
Price per roll, 8, 10, 15, 20, 25 and 35 cents. Samples of high paper are shown in books. Let us figure with you.

OUR MILLINERY DEPARTMENT

has turned out more hats this season than any season since we opened the department. Tomorrow we will open the new creations, that have just come out. No one will show you newer styles than ourselves. A Drummer's Sample line to dispose of—be among the first to get the pick. We do not duplicate or trim all our hats alike. Our trimmers are artists. No doubt you are aware of it.

DRESS GOODS, BLACK AND COLORED

Our Dress Goods business so far this season is more than double of last year's sales for the corresponding period. What greater tribute can the ladies of Wilmington pay to this favorite department of the Polvogt Store. See the display of our 50c goods. Full assortment of Black Voiles, Panamas and Fancy Suitings.

Southport Railroad Question.

Judging from this week's issue of the Southport Herald the voters of Brunswick county are becoming much interested in the forthcoming election there on the question of issuing bonds to the amount of $80,000 for the building of a railroad through the county, the amount to be taken in bonds by the county and paid for as the work progresses. The registration for the election which will be held on May 11th was opened in the various precincts of the county Thursday and speakers are publishing appointments to address the voters on the question at several points in the county, beginning today.

Audience Well Pleased.

The Peruchi-Gypzene people again pleased a large audience last night with their presentation of "Pike County Folks." While it did not contain as strong a view of comedy as the plays presented the first of the week, it was first class in every respect. Miss Gypzene, especially, called forth rousing applause each time she appeared on the stage. This afternoon they will present "Slaves of Russia" at matinee, and at night "The Iron Master," will be given. Both are strong bills and should draw well.

Brained Him With Iron Bar.

A young negro named Moravia, employed as a laborer at the Cape Fear Lumber Company, received a painful scalp wound early last night as he was leaving the mill and had to go to the hospital to have the wound dressed. He and another negro had a quarrel yesterday and when they knocked off work last night the "other negro" walked up to him with a bar of iron and dealt him a stunning blow on the head. A gash three or four inches long was cut in the scalp, but the man is not dangerously wounded.

Steamer Wilmington on Sunday.

The steamer Wilmington, which is just off the ways as bright and as pretty as you please, will leave tomorrow morning for her regular trip to Southport, touching at Carolina Beach. The trip will afford an excellent opportunity for persons to spend a day at either of the two delightful resorts.

BENEDICT GIMBEL A SUICIDE.

Philadelphia Millionaire Could Not Endure His Shame.

(By Wire to the Morning Star.)

New oYrk, April 19.—Benedict Gimbel, the wealthy Philadelphia merchant who was arrested in this city yesterday on the double charge of exerting improper influence over Iver Clark, a sixteen-yar-old boy, and attempted bribery of the county detectives who made the arrest, lies tonight in St. Mary's Hospital, Hoboken, N. J., unconscious from wounds believes by the police to have been self-inflicted. It is thought that his injuries will prove fatal. Bleeding from gashes on his throat and severed arteries in both wrists, Gimbel was found at 7 o'clock tonight in a room which he had engaged the night before at the Palace Hotel in Hoboken. He was unconscious from loss of blood when he was removed to the hospital where an examination of his effects made certain his identity.

Late last night Gimbel was released from the Tombs under $6,000 bond. It appears that immediately following his release Gimbel crossed on a ferry to Hoboken and went to the Palace Hotel, registering there as Wilson Heldge, of Trenton, N. J. He was assigned to a room on the second floor and a half hour later ordered a luncheon which was served in his room. Among the dishes was a glass water pitcher. This was found broken today and it is supposed Gimbel's injuries were inflicted by the pieces.

A trail of blood from the bath room to the bed indicated that Gimbel had cut himself while in the bath room and then thrown himself on the bed from which he later arose to fall unconscious on the floor. At 10 o'clock tonight his condition was said to have improved, although it was still critical.

Gimbel's effects were taken in charge by the police, who also notified his family. Members of the family are expected at Hoboken tomorrow. Further examination by the police developed that the cracks in the doors and windows had been stuffed airtight with surgeon's antiseptic gauze.

Gimbel was to have been given a hearing in court here tomorrow. His attorney, Daniel O'Reilly, has stated that Gimbel's defense would be that black mail was attempted.

ITALIAN MONSTER CAPTURED.

Arrest of Man in New York Creates Sensation.

(By Wire to the Morning Star.)

Naples, April 19.—The receipt of the news here that Enrico Alfano, called Erricone, the head of the Camorra, has been arrested in the United States, has provided a sensation. The populace considered Alfano in the light of a demi-god; he was thought to be invulnerable to bullets and able at all times to escape pursuers, and he was invested with all the fantastic qualities of the Medieval bandits. When attending to his criminal business he used to drive about in his own carriage, and he always dressed in the height of fashion. He had a rival for the leadership of the Camorra in a man named Cuocolo, and to get him out of the way Alfano accused him to the police of being a spy. The Camorra then condemned both Cuocolo and his wife to death, and they were brutally murdered. Alfano remained in Naples for some time after this murder, trying to cover up the tracks of the crime and deceive the police. In this he was successful, and when he finally realized he was in danger he fled to the United States. The authorities are endeavoring to obtain the extradition.

New York, April 19.—Enrico Alfano, mentioned in the dispatch from Naples was among those arrested in New York late Wednesday night by Detective Sergeants in the raids then being made on the east side for the purpose of arresting Italians carrying concealed weapons. Detective Petrosihi recognized him by a scar on his face. Alfano was taken at once to the Central station where he admitted his identity. He was arraigned in the Tombs police court yesterday and was held without bail for a hearing tomorrow. If not extradited, it is said he will be deported under the immigration laws.

STOLEN SECURITIES TRACED.

New York Bank Has $300,000 Stolen by W. F. Walker.

(By Wire to the Morning Star.)

New York, April 19.—Securities to the value of $300,000 which were stolen from the Savings bank of New Britain by William F. Walker, the absconding treasurer of that institution, have been traced to two New York banking houses, according to a statement made today by Detective Valtely, of the local police department. He said the two banking houses standin the position of innocent purchasers.

Charles Goyndorf, alias Charles Earle, who was arrested yesterday at the request of the New Britain, Conn., police, was held in $20,000 bail when arraigned in police court today charged with grand larceny and receiving stolen goods. It is alleged that Goyndorf was a member of a gang of wire tappers who are believed to have obtained several hundred thousand dollars from William F. Walker, the absconding treasurer of the savings bank of New Britain. Former Assistant District Attorney Howard S. Gans, counsel for the American Bankers' Association, which is pushing the case, told the magistrate that it was supposed that Goyndorf had got $100,000 or more of the cash and securities which Walker had stolen. Goyndorf made no statement in court.

Safe blowers wrecked the Bank of Weston at Weston, Ills., 50 miles east of Peoria, yesterday, with three separate charges of dynamite. About $2,000 was secured and the robbers escaped after holding the entire town in a state of terror for more than an hour.

The Rhode Island Legislature will adjourn on Tuesday next and it appears probable that a United States Senator will not be elected at this session. Fifty-six ballots for Senator have failed to result in a choice, and it is understood that only(?) more will be taken before final adjournment.

Working on Dummy Line.

The Atlantic Coast Line has a force of hands at work on Water street, between Market and Dock, placing new supports under the "dummy" track and moving the line of the railway slightly to the eastward in order to avoid too close contact with the new warehouse of Messrs. Stone & Company. The work will require several days.

Plaster of Paris Bananas.

Bunches of bananas that are absolutely unfit for food hang out in front of the wholesale produce commission houses. Some of them have remained there until they have grown rusty with age.

"Couldn't get a finer looking bunch than that," said one of the dealers the other day, "even if it is plaster of paris. We used to put out the real article for a sign, but the peddlers who came down here had a way of pulling one or two out of the bunch that happened to be hanging there on the hook. The small boys, too, had a way of making a grab for a banana or two. By the time the bunch was on duty under the awning for an hour it was no longer presentable to the aesthetic sense. So we began to cultivate the make believe article, which is not quite so palatable, but just as good for advertising. And even at that some youngster in his haste will grab plaster of paris fruit and get away with it before he realizes that he has made off with something bad for his digestion."—New York Herald.

A Meal of Locusts.

In the West Indies the negroes eat freely of the big grub found in palm trees. The fat, white morsel, which they call "grugru," is not cooked or salted. The aborigines of Australia live almost entirely on a butterfly known as the bugong. The flies appear in batches on the rocks, and the natives smother them with smoke from fires built below. It is said that a Hottentot, with an appetite made sharp by the simple life, can devour 300 fat locusts at a sitting and feel better satisfied than if he had paid $8 for a ten course dinner. The Arabs dry the locusts and pulverize them into flour for breadmaking purposes. The Moors make a stew of them, and after boiling in water for a few minutes they are eaten with salt, pepper and vinegar. The locusts found in Central Africa are enormous, and the native negroes cut them in two and fry them in fat and find them not only appetizing, but nourishing. A flight of these big locusts is a matter of tribal thanksgiving.

IT IS SERIOUS.

Some People Fail to Realize the Seriousness.

The constant aching of a bad back.
The weariness, the tired feeling.
The pains and aches of kidney ills.
Are serious—if neglected.
Dangerous urinary troubles follow.
A Wilmington citizen shows you how to avoid them.

J. E. Bloodworth, formerly residing at 30 South Front street and empoyed at 123 Princess street, Wilmington, N. C., says: "I used Doan's Kidney Pills and they have proven to be a valuable remedy and I believe I am safe in recommending them. My back and kidneys have given me great trouble. I thought I had rheumatism. I had shooting pains through my back and sides which often made me yell right out. If I stood, sat or lay down or kept in any position for any length of time it was almost impossible for me to move on account of the great pain. I heard some one speak of Doan's Kidney Pills and sent down to Bellamy's drug store and got a box. They completely removed the pains. They are without doubt a valuable remedy for backache."

SPIRITS TURPENTINE

—Greensboro, April 18: Messrs. J. R. Young and Herbert Jackson, of Raleigh, who have been here today in the interest of raising funds for the purchase of Peace Institute for the Presbyterian Church, report flattering success, Greensboro alone subscribing nearly $5,000.

—Rockingham, April 18: Work at Blewitt's Falls is being pushed rapidly. An immense steam shovel will be installed in a few days. Work there is exceedingly interesting, and when the dam is completed and the electric power installed it is expected to revolutionize the industrial development of this section.

—Kinston, April 18: Henry Edwards, of Pink Hill, an employe of the Kinston and Carolina Railroad, was brought to the city this morning for medical attention for injuries sustained by him while working for the company this mroning. Edwards was working on the front of the locomotive when he fell and was caught under the pilot and dragged some twenty-five feet. He only received comparatively slight injuries to his leg, though his escape from death was almost miraculous. There was no fractured bone.

—Rockingham, April 18: The news has reached here that Lovely Knight, a border-line barroom brave, who is now under indictment for retailing whiskey without license, and who is one of four defendants charged with the killing of Jule Combs, also a State line warrior, shot and killed Johnson Davis, colored. Knight and Davis were oiling harness under a shelter of Mr. W. C. Guinn. Davis when found was already dead and Knight had made his escape. He has been located in a swamp and it is reported that he has killed himself. Coroner Gay and officers have gone to the scene of the killing.

—Washington, April 18: Work on the Raleigh and Pamlico Sound Railroad from Raleigh to this city is being pushed forward, and in a few more months the railroad contractors hope to have the entire line completed and trains in operation. The branch of this road running from this city to New Bern is practically finished, and freight trains are running over this route almost daily. In a few days a passenger schedule will be arranged and trains will begin to run regularly. A movement is also on foot among our citizens and business men to secure the railroad shops of the company and have them established in this city.

—Raleigh News and Observer, April 19: While this is a late Spring still it is not a record breaker, as the facts reprinted in yesterdays' News and Observer showed. Commenting ing oin this article, Mr. W. G. Briggs, the postmaster here, said yesterday: "I have recently examined the files of old Raleigh papers and find that snow fell in Raleigh, April 24, 1818, while there was a heavy frost on May 4, 1818. The Raleigh Register of that date in discussing the disaster cited the fact that a killing frost occurred in this section May 5, 1774. However, the year 1832 seems to hold the record. Mr. Armistead Jones says his father frequently tol l him that a frost the first week in June, 1832, killed all vegetation here."

—High Point, April 18: On May 17th the annual convention of the North Carolina Travelers' Protective Association will be held here. The convention will be largely representative of all the five posts of North Carolina. Officers for the ensuing year will be elected at this meeting, and delegates will be named to the National convention which meets at Jamestown June 17th. Post D, of High Point, will tender the visitors a banquet which will be an affair worthy of those giving it. Other means of entertainment will also be provided. Post D, at High Point, contributes forty to the State membership, all of them active. A hearty welcome will be given the "drummers," "traveling salesmen," "road representatives" and "commercial tourists."

—Raleigh News and Oserver, April 19: It is understood that the committee in charge of the purchase of Peace Institute for Presbyterians have raised the funds for the first payment. Subscriptions are expected from Presbyterians in many parts of the State. The matter will be discussed next Wednesday at the meeting of the Albemarle Presbytery in Goldsboro, the subject to be presented by Governor Glenn and Insurance Commissioner J. R. Young. The holding company for the property is composed of Mr. J. R. Young, chairman; Governor Glenn, Rev. A. H. Moment, Mr. George, Mr. Ed Chambers Smith, and Mr. H. W. Jackson. The sale was made for $50,000 and already some members of the greatest faculty have been engaged for the next session.

'PUSHED to the FRONT

Yes, that is what has pushed Belle of Virginia out in the front rank of good whiskies—the fact that it is founded on quality. We ask you to try it the very next time you feel the need of a good drink of whiskey. It is blended from pure, carefully aged whiskies—the best blend our years' of experience has taught us—a whiskey which will appeal to you from the first taste and grow upon you as the days go by. Don't forget to ask for it and try it.

Sold at the places where gentlemen go to get a drink.

Notice of Election

FOR THE MEMBERS OF THE BOARD OF ALDERMEN OF THE CITY OF WILMINGTON AND FOR BONDS FOR STREET IMPROVEMENT AND WATER AND SEWERAGE.

The Board of Aldermen of the City of Wilmington, North Carolina, in accordance with the provisions of Chapter, entitled Towns, subdivision 7, of the Revisal of North Carolina of 1905 and in accordance with the provisions of an act of the General Assembly of North Carolina passed at its 1907 session, entitled "An Act to Allow the City of Wilmington, North Carolina, to Issue Bonds for Street Improvement," and in accordance with the provisions of another act passed at the 1907 session of the General Assembly of North Carolina, entitled "An Act to Allow the City of Wilmington to Issue Bonds for Water and Sewerage"; and by virtue of the powers therein given, do hereby call an election to be held by the qualified voters of the City of Wilmington on the 7th day of May, 1907, between the hours of eight o'clock and sunset of said day, for the election of two Aldermen from each of the five wards thereof; and also to determine whether the City of Wilmington shall issue bonds for Street Improvement, to the amount of four hundred thousand dollars ($400,000) and the levy and collection of the tax for the payment of said bonds and coupons; and further to determine whether the said City of Wilmington shall issue bonds for Water and Sewerage to the amount of five hundred thousand dollars ($500,000) and the levy and collection of the tax for the payment of such bonds and coupons.

At said election all qualified voters of the City of Wilmington shall vote a ballot of white paper, three inches long and two inches wide, upon which shall be written or printed the names of two electors from each of the five wards of the City of Wilmington to be voted for as members of the Board of Aldermen of said city. And all qualified voters who favor the issuance of bonds to the amount of four hundred thousand dollars $(400,000) for Street Improvement, and the levy and collection of the tax for the payment of said bonds and coupons, shall vote a ballot of white paper, three inches long and two inches wide, with "For Street Improvement" written or printed thereon; and all qualified voters opposed thereto shall vote a ballot of similar size with "Against Street Improvement" written or printed thereon.

And all qualified voters who are in favor of the issuance of bonds to the amount of five hundred thousand dollars ($500,000) for Water and Sewerage, and the levy and collection of the tax for the payment of said bonds and coupons, shall vote a ballot of white paper, three inches long and two inches wide, with "For Water and Sewerage" written or printed thereon, and all qualified voters opposed thereto shall vote a similar ballot with "Against Water and Sewerage" written or printed thereon.

For the purpose of the elections as authorized by said Chapter entitled "Towns" of the Revisal of 1905 of North Carolina, and as authorized by the Acts aforesaid, no new Registration of the Electors for said elections shall be required, but the Registrars hereinafter named shall revise the registration books of their wards in such manner that said books shall show an accurate list of all electors previously registered in their wards and still residing therein, without requiring said electors to register anew.

And the following are designated as the polling places in the several wards in the City of Wilmington, and the persons hereinafter named are appointed as Registrars and Judges of Election in the said wards, to-wit:

First Ward, polling place—Hose Reel House, Fourth Street Bridge: Registrar—Isaiah West; Judges of Election—W. H. Coleman and C. O. Knox.

Second Ward, polling place—Old Court House: Registrar—C. T. Smaw—Judges of Election—Roger Moore and W. J. Meredith.

Third Ward, polling place—Giblem Lodge: Registrar—A. G. Hankins; Judges of Election—L. B. Sasser and C. D. Morrell.

Fourth Ward, polling place—Worth's Ice House: Registrar—T. G. Pickett; Judges of Election—J. S. Williams and D. L. Gore.

Fifth Ward, polling place—Market House at Fifth and Castle Streets: Registrar—J. W. Gafford; Judges of Election—T. G. Landen and Thomas Lossen.

For the purpose of allowing any elector, residing in any of the wards of said city, and etnitled to register, whose name has never before been registered, and does not appear in the revised list, to register, the Registrars in each ward between the hours of nine o'clock A. M. and five o'clock P. M. on the 19th, 22nd, 23rd, 24th, 25th and 26th days of April, 1907, and between the hours of nine o'clock A. M. and nine o'clock P. M. on Saturdays, the 20th and 27th days of April, 1907, shall keep open the registration books of said ward for the registration of any new elector as aforesaid; and on the second Saturday before election day, to-wit, the 27th day of April, 1907, between the hours of nine o'clock A. M. and nine o'clock P. M. the registration books shall be kept open at the polling places in each ward for the inspection of the electors of said ward and any of the electors shall be allowed to object to the name of any person appearing on said book.

By order of the Board of Aldermen of the City of Wilmington, North Carolina, this the 3rd day of April, 1907.

THE COTTON MARKET.

(By Wire to the Morning Star.)

New York, April 19.—The cotton market was more active today and ruled generally firmer with the close very steady at a net advance of 7 to 12 points. Sales for the day were estimated at 200,000 bales. The opening was steady at an advance of 3 to 8 points, the near months being relatively firm on account of higher cables, good English spot sales and the light movement while the new crop was held back by favorable weather reports. Nearby shorts seemed to be nervous and while there was considerable realizing for over the week end there was also a good demand encouraged by the firmness of the late cables from Livrpool, the South seemed to be buying the new crop here, and prices gradually worked higher. Private advices reporting warm rains in the northern part of the Texas belt was followed by a setback of several points, but the market firmed up again in the late session under continued covering by nearby shorts and bull support. The close wsa within a point or two of the top. Private wires from New Orleans reported scarcity of the better grades and Southern spot markets were genrally steady to firm at unchanged prices to an advance of 1-8c. Temperatures in the South were considered more seasonable and advics from the Eastern belt said that notwithstanding delays due to cold weather the crop was still two weeks ahead of last year and that the soil was almost perfectly cultivated. Exports were about 2,000 bales in excess of port receipts.

Receipts at the ports today were 13,289, against 10,681 last week and 17,800 last year. For the week, 75,000 bales against 103,094 last week and 97,855 last year. Today's receipts at New Orleans, 2,582 bales, against 2,613 last year, and at Houston 1,530 bales against 1,793 last year.

Spot cotton, quiet, 10 points higher; middling up lands, 11.20; middling gulf, 11.45; no sales. Futures steady. Closed steady.

Interstate Commerce Commission Again Hears Complaint of Southern Manufacturers.

RAILROADS MAKING FIGHT

Deny That They Combined to Agree on Rates Unjust to South on Cotton Goods Shipped to Japan and China.

(By Wire to The Morning Star.)

Washington, April 19.—Rates on cotton goods from Southern points to the Pacific coast, China and Japan, was again the subject of hearing before the Interstate Commerce Commission today. R. J. Southall, representing the complainants, made a formal motion for postponement of the hearing until he could serve the defendant railroad and steamship companies with a subpoena duces tecum to compel the production of the minutes of the conferences held in 1905, which resulted in the alleged agreement to raise rates. The defendant companies finally agreed to produce those minutes tomorrow and the hearing continued.

Mr. Southall said to the Commission that he intended to show by the minutes of these conferences that they were participated in by railroad men, notwithstanding the denial of this during the testimony yesterday. The railroad representatives replied that the minutes would not show the presence of railroad men at the conferences, and claimed further that no agreement was enterd into by them regarding the rates in question. It is claimed that if an agreement was reached between the steamship lines, it is beyond the jurisdiction of the Interstate Commerce Commission.

Scretary Ayers, of the China and Japan Trading Company, explained the exact method of purchases, price of goods and rates paid for shipment both from New York to the Orient, via the Suez canal, and from the Pacific coast.

The defense rested their case after the testimony of Lincoln Greene, through the traffic manager of the Southern Railroad. Mr. Greene told the Commission that the rate complained of was fixed on an exceedingly low basis because of water competition and that it had been reduced from $1.85 per 100 pounds to San Francisco to $1.15, the present rate. The Commission took the case under advisement and indicated that its conclusion would be announced tomorrow.

JUDGE GOES TO PENITENTIARY.

Looted Chicago Bank Six Weeks After It Opened.

(By Wire to the Morning Star.)

Chicago, April 19.—The jury in the defunct Bank of America conspiracy case returned a verdict tonight, finding former Judge Abren Smith, the bank's president, guilty, and fixing his sentence at two years in the penitentiary and a $1,000 fine. Gustave E. Sorrow, vice president, suffered the same sentence. Jerome Pierce, cashier, was fined $500 without imprisonment, while F. E. Creelman, a director, was found not guilty.

The Bank of America was opened December 8, 1905, and a receiver appointed six weeks later. The promoting of the institution was marked by what the State designated as "high finance." During the trial witnesses testified that the charter for the bank was procured through fraud.

The closing of the bank followed the failure of a lumber company in which Creelman was heavily interested. An investigation of the bank's affairs at the time disclosed a great deal of worthless securities, which it was alleged had been put up in payment for the bank stock.

President Smith was for several years a judge of the Cook County Circuit Court.

TO ASSASSINATE ROOSEVELT.

Chief of Police Who Committed Suicide Gave Clue.

(By Wire to the Morning Star.)

Newark, N. J., April 19.—An alleged plot on the part of Pennsylvania anarchists, who are said to have headquarters at Hazelton, to assassinate President Roosevelt, is being investigated by the United States secret service. Information which led to the investigation was given to the secret service officials by Chief of Police Adams a few days ago, just before he shot and killed himself. The chief told the secret service officials that he had obtained information from Jan Bartula, who claims to be a member of the band of conspirators. He gave Chief Adams the names of several persons, who, he said, were implicated in the plot. Chief Flynn, of the New York district of the United States secret service, has had several men at work on the case ever since the information was given by Chief Adams. Whoever interviewed Bartula was told practically the same story.

FIRE IN RICHMOND.

Bostock's Animal Show Endangered—Fire May Be Bad One.

Richmond, Va., April 19.—At 12:35 fire is reported in the group of large wooden buildings known as "Idlewood," a sort of Coney Island in the outskirts of the city. The natatorium is now burning and the winter quarters of Bostock's Wild Animals, sheltering at the present time dozens of lions, tigers, leopards and bears, are in dangerous proximity to the flames. A second alarm has been turned in.

The Atlanta Presbytery of the Southern Presbyterian Church, which has been in session at Conyers, Ga., yesterday voted in favor of closer relations between the five branches of the church in America.

EARTH SHAKES AT CHARLESTON

Quake Came With Rumble and Three Wave Movements 3:25 A. M. Yesterday.

ORNAMENT TUMBLED DOWN

Shock Lasted Eight Seconds and Movement of Disturbance Was From South-East to North-west—No Damage Done.

(By Wire to the Morning Star.)

Charleston, S. C., April 19.—A slight earthquake occurred in Charleston and Summerville at 3:25 o'clock this morning. In the latter place it was said that dishes rattled and ornaments were knocked from the mantel in one house. In Charleston only a very few people knew of the shake until after breakfast. From various points in the city people reported having been awakened by a rumble followed by three slight wave movements sufficient to identify, but not to disturb plasterings or chimneys. It lasted about eight seconds, and was apparently from southeast to northwest.

Recorded in Washington.

Washington, April 19.—The seismograph at the Weather Bureau at Washington recorded two very small earthquake shocks during the afternoon of April 18. The shocks appear to have been so feeble or of such a character that a record was produced only on the east and west component instrument which is, moreover, slightly more sensitive than the north and south component instrument.

Owing to the feeble character of the disturbance, the usual characteristic features of earthquake records are not clearly defined and cannot be made out.

Severe Quake in Philippines.

Manila, April 19.—Reports have been received from South Luzon of a severe earthquake shock in the town of Nueva Caceres, capital of the province of Aribos Camarinos, and also at Tayaabeb in the province of Tayabas, in Northern Luzon. The destruction of buildings is reported but so far there is no mention of any loss of life.

It is feared that communication by wire has been affected. A trembler was exeprienced at Manila with intrmittent shocks for three hours this morning. Three of the shocks were severe but the majority of the others were scarcely perceptible.

Shake in Spain.

Oran, Algerias, April 19.—A telegram received here from Mostaganem says a severe earth shock was felt in that region at twenty minutes before 10 o'clock. The message makes no mention of casualties or damage.

CHRISTIAN SCIENCE HEALER.

Suicide of Reader of Mrs. Eddy's Church at Concord.

(By Wire to the Morning Star.)

Boston, Mass., April 19.—Miss Mary E. Tomlinson, of Concord, N. H., committed suicide here today by jumping from a window in an upper story of the Parker House. The woman died in the hotel office a few moments after her leap.

Miss Tomlinson came to Boston yesterday morning. Soon after alighting from the Concord train at the North Union station, she appeared at the apartments of Mrs. Ida Berkman, at 35 Barton street, in the west end section of the city. When Mrs. Berkman, to whom she was a stranger, asked her what she wanted, she replied that she was looking for a drink of water. A few moments later she pretended to be deaf and dumb and acted strangely in other respects. It was necessary to summon the police to eject her from the apartments. She was taken to the relief hospital, where it was said she was suffering from hysteria. Later she went to the Parker House. Nothing more was heard of her until her body was found today on the sidewalk. Miss Tomlinson was a sister of Irving C. Tomlinson, one of the readers of Christian Science Church of Boston, and one of the defendants in the suit pending for an accounting of the property of Mrs. Mary Baker G. Eddy.

Concord, N. H., April 19.—Friends of Miss Mary E. Tomlinson who killed herself by jumping from a hotel window in Boston today, were greatly surprised to hear of her act. Miss Tomlinson, up to a year ago, was second reader in the Concord Christian Science Church. When the term of her brother, Rev. Irving C. Tomlinson, as first reader expired, she also retired from her position. Since then she had been active as a healer. She was 35 years of age and is survived by four brothers.

AMERICAN COLONIAL POLICY.

Senator Beveridge and Ambassador Bryce Speak in Philadelphia.

(By Wire to the Morning Star.)

Philadelphia, April 19.—The American Academy of Political and Social Science began its eleventh annual meeting today the general topic for discussion this year being American colonial policy and administration. The meeting has been divided into four sessions. At this afternoon's session at which Prof. James T. Young, of the University of Pennsylvania, presided, there was a discussion of the industrial and financial problems in the dependencies of the United States, and at the evening meeting "American Colonial Policies" was taken up. The principal speakers at the night session were Ambassador Bryce, who spoke on "Some Difficulties in Colonial Government Encountered by Great Britain and How They Have Been Met," and United States Senator Beveridge on "The Development of a Colonial Policy for the United States." Tomorrow the educational, social, legal and political problems of the dependencies will claim the attention of the academy.

DANGER OF WAR WITH JAPANESE

Secretary Root Declares There Never Was Any Probability of Such Thing.

FRISCO SCHOOL INCIDENT

Secretary Declared That State Rights Was Not Involved—Debt Collecting By Navies Is Degredation of Their Functions.

(By Wire to the Morning Star.)

Washington, April 19.—That there never was at any time danger of a war between the United States and Japan, growing out of the recent controversy regarding the segregation of the Japanese school children in the public schools of San Francisco, was made clear by Secretary Root in an address on the "Real Question Under the Japanese Treaty, and the San Francisco School Board Resolution," at the first annual meeting of the American Society of International law, which convened here today for a two days session. The question of State rights, Secretary Root declared, was not involved.

Much of the afternoon session was devoted to a discussion of the so-called Drago doctrine, which former Secretary of State John W. Foster declared was first originated by Alexander Hamilton more than a hundred years ago.

William Barnes, Sr., of Nantucket, Mass., introduced a resolution asking the society to go on record as considering "it a degradation of the functions and purposes of the navies of the world to pervert them to the duties of debt collectors and the lowering of the dignity of admiral of the navies to force them to perform the duties of constables, bailiffs and sheriffs in the collection of debts."

The resolution which also carried an endorsement of the Drago doctrine, was referred to the executive committee for recommendation.

Among those who spoke were General De Amaral, of the Brazilian Embass; Amos S. Hershey, University of Indiana, Bloomington, Ind.; Robert Lansing, Watertown, N. Y.; John H. Latane, Lexington, Va.; Henry W. Temple, Washington, Penn.; and Theodore P. Inon, of Boston.

SNOW COVERS WIDE AREA.

Severe Weather in New York and in Many States.

(By Wire to the Morning Star.)

New York, April 19.—A cold east wind, accompanied by a steady fall of snow gave anything but a Spring like aspect to the day. Snow began to fall about 7 o'clock and continued steadily for several hours. The records of the weather bureau for the first 18 days in April show that the temperature this month has been four and a half degrees lower than the normal temperature for New York.

Philadelphia, April 19.—Snow fell today throughout the greater part of eastern Pennsylvania. The local weather bureau reports this month as the coldest April in 26 years.

Pittsburg, Pa., April 19.—A fall of from 3 to 6 inches of snow is reported throughout western Pennsylvania today. Farmers declare that much damage has been done to fruit. Railroad and traction service was considerably delayed by the storm.

Wilkesbarre, Pa., April 19.—Snow began to fall here early today and continued steadily until 3 o'clock this afternoon. Reports from the country state that fully four inches have fallen.

Baltimore, April 19.—Advices from points in western Maryland tell of snow in that section of the State, the fall at Cumberland and Frostburg amounting to several inches.

Cleveland, O., April 19.—Snow fell last night and today over nearly the entire State. The temperature registered from 28 to 30 above zero.

Oklahoma City, Okla., April 19.—Reports from west Oklahoma say that snow isfalling from Chickasha, I. T., to Amarillo, Tex., and north to the line of Oklahoma. At Geary, Okla., the snow was reported as falling so fast as to make it difficult to keep trains moving. A temperature of 38 degrees prevailed.

Denver, Col., April 19.—The snow storm that has prevailed in the mountains for two days, has spread over Colorado, Wyoming and a portion of New Mexico. The weather bureau predicts that the storm will continue for at least 24 hours.

CENTENARIANS TO BE MARRIED.

Groom of 101 and Bride of 100 Years. Sweethearts in Youth.

(By Wire to the Morning Star.)

St. Louis, April 19.—Announcement was made today that John B. Bundren, who on April 1, was 101 years old, will be united in marriage to Miss Rose McGuire on her 100th birthday, August 26, 1907, on Mr. Bundren's estate near Tatesville, Tenn. He and Miss McGuire were sweethearts in Tennessee in their youth, but neither has been married. Miss McGuire's parents would not let her marry Bundren in youth and took her to England to live. Bundren went to California and acquired considerable wealth. He returned to Tennessee and bought his birth place near Tatesville. He decided to hold a reunion of old friends on his estate this year and sent out numerous invitations, including his old sweetheart. Correspondence followed and he renewed his offer of marriage and was accepted. The date for the wedding and the reunion of friends was then set for August 26, so as to combine the bride's 100th birthday anniversary and her entry into matrimony.

Bundren has long white hair and a flowing white beard. He does not smoke or drink. In June he will go to Preston, Lancashire, England, to escort his intended bride to his Tennessee estate for the wedding.

Bitten By Spider.

Through blood poisoning caused by a spider bite, John Washington of Bosqueville, Tex., would have lost his leg, which became a mass of running sores, had he not been persuaded to try Bucklen's Arnica Salve. He writes: "The first application relieved, and four boxes healed all the sores." Heals every sore. 25c at R. R. Bellamy, druggist.
